Summary

Tech | Finance | Entrepreneurship

Passionate about the intersection of technology and finance, I am
constantly exploring how innovation drives business growth and
financial markets. With a strong interest in emerging technologies,
investing, and entrepreneurship, I strive to learn, adapt, and build
solutions that create impact.

Always open to networking, learning new perspectives, and
discussing ideas that shape the future of tech and finance. Let's
connect!

Experience

Repository
Campus Ambassador
June 2025 - Present (2 months)

Vital Skills
Data Science and Analytics Intern
June 2025 - June 2025 (1 month)

➡# Actively participating in a structured internship program focused on core
concepts in data science and analytics.

➡# Working with real-world datasets to apply statistical methods and machine
learning techniques.

➡# Gaining practical experience with tools such as Python, pandas, NumPy,
matplotlib, and scikit-learn.

➡# Developing analytical thinking and problem-solving skills through project-
based tasks.

➡# Enhancing understanding of data preprocessing, visualization, and model evaluation.
